---

Thanks Gary. First and foremost, thank you so much for the quick turnaround. I have just a couple of questions. The first section mentions the need for repairs in 2012, 2013, and 2015. Should 2016 be added to the list since a repair was recently completed? Also, can you please include a little info on the status of the remedy (FS status, when SJ will go to the NRRB)?

Thanks so much!

Christine

Christine,

I'm attaching an Executive Summary fact sheet updated last week; please let me know if you have any questions on this.

**Subject:** San Jacinto Fact Sheet - NEEDED TODAY!!  
**Importance:** High

Hi all,

It's my understanding that Robin Richardson has a 4 pm meeting today with the mayor regarding the San Jacinto site. I found an old fact sheet from 2013. I put in a line about the upcoming NRRB review and highlighted a few areas that could use some work. I would greatly appreciate it if you could provide a high level summary of technical issues, status of Superfund work, etc. Please feel

9768973

free to insert/remove information/sections as you see fit. A one-pager would be perfect. Obviously, this is a short turn around, so the sooner you can send a revised fact sheet, the better.

Thanks!!!

Christine
